

## AADAT Polyclonal Antibody

|                        |                                                          |
|------------------------|----------------------------------------------------------|
| Catalog No.            | 4108451                                                  |
| Size                   | 50ug / 100ug                                             |
| Product Category       | Primary Antibody                                         |
| Immunogen              | Recombinant protein of human AADAT                       |
| Isotype                | IgG                                                      |
| Clonality              | Polyclonal                                               |
| Host                   | Rabbit                                                   |
| Reactivity             | Human; Mouse; Rat                                        |
| Application            | WB; IHC                                                  |
| Recommended Dilutions  | WB 1:2000-5000; IHC 1:25-100                             |
| Purification           | Affinity Chromatography Method                           |
| Storage Buffer         | PBS with 0.03% Proclin300 and 50% glycerol, pH 7.3       |
| Format & Concentration | Liquid; 1mg/ml                                           |
| Mol. Weight            | 47/48 kDa                                                |
| UniProt ID             | Q8N5Z0                                                   |
| Synonyms               | AADAT; KAT2; KATII; KYAT2; aminoadipate aminotransferase |
| Storage/Stability      | -20°C/1 year                                             |
| Shipping               | Gel Packs                                                |
