

## ATF-2 (phospho Thr73) Polyclonal Antibody

|                        |                                                                                                                                                                                                          |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No.            | 4011268                                                                                                                                                                                                  |
| Size                   | 50ug / 100ug                                                                                                                                                                                             |
| Product Category       | Primary Antibody                                                                                                                                                                                         |
| Immunogen              | Synthesized peptide derived from human ATF2 around the phosphorylation site of Thr73 or 55 at AA range: 40-89                                                                                            |
| Clonality              | Polyclonal                                                                                                                                                                                               |
| Host                   | Rabbit                                                                                                                                                                                                   |
| Reactivity             | Human; Mouse; Rat                                                                                                                                                                                        |
| Application            | WB; IHC-p; IP; ELISA                                                                                                                                                                                     |
| Recommended Dilutions  | WB 1:500-2000; IHC 1:100-300; IP 2-5ug/mg lysate; ELISA 1:40000                                                                                                                                          |
| Purification           | Affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen                                                                                                      |
| Storage Buffer         | PBS with 0.02% sodium azide and 50% glycerol, pH 7.4                                                                                                                                                     |
| Format & Concentration | Liquid; 1mg/ml                                                                                                                                                                                           |
| Synonyms               | ATF2; CREB2; CREBP1; Cyclic AMP-dependent transcription factor ATF-2; cAMP-dependent transcription factor ATF-2; Activating transcription factor 2; Cyclic AMP-responsive element-binding protein 2; CRE |
| Storage/Stability      | -20°C/1 year                                                                                                                                                                                             |
| Shipping               | Gel Packs                                                                                                                                                                                                |
