

## CK16 Monoclonal Antibody

|                        |                                                             |
|------------------------|-------------------------------------------------------------|
| Catalog No.            | 4051056                                                     |
| Size                   | 50ug / 100ug                                                |
| Product Category       | Primary Antibody                                            |
| Immunogen              | Synthetic Peptide                                           |
| Isotype                | IgG1                                                        |
| Clonality              | Monoclonal                                                  |
| Host                   | Mouse                                                       |
| Reactivity             | Human; Mouse; Rat                                           |
| Application            | IHC                                                         |
| Recommended Dilutions  | IHC 1:200                                                   |
| Storage Buffer         | PBS with 0.02% sodium azide and 50% glycerol, pH 7.4        |
| Format & Concentration | Liquid; 1mg/ml                                              |
| Mol. Weight            | 51 kDa                                                      |
| UniProt ID             | P08779                                                      |
| Synonyms               | Cytokeratin 16, K16, K1CP, keratin 16, KRT16, KRT16A, NEPPK |
| Storage/Stability      | -20°C/1 year                                                |
| Shipping               | Gel Packs                                                   |
