

## Fibronectin Polyclonal Antibody

|                        |                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------|
| Catalog No.            | 4009360                                                                                                      |
| Size                   | 50ug / 100ug                                                                                                 |
| Product Category       | Primary Antibody                                                                                             |
| Immunogen              | Recombinant fusion protein containing a sequence corresponding to amino acids 2200-2355 of human Fibronectin |
| Isotype                | IgG                                                                                                          |
| Clonality              | Polyclonal                                                                                                   |
| Host                   | Rabbit                                                                                                       |
| Reactivity             | Human; Mouse                                                                                                 |
| Application            | WB; IHC; IF                                                                                                  |
| Recommended Dilutions  | WB 1:500-1000; IHC 1:50-200; IF 1:50-200                                                                     |
| Purification           | Affinity Chromatography Method                                                                               |
| Storage Buffer         | PBS with 0.02% sodium azide and 50% glycerol, pH 7.3                                                         |
| Format & Concentration | Liquid; 1mg/ml                                                                                               |
| Mol. Weight            | 71-73/221-272 kDa                                                                                            |
| UniProt ID             | P02751                                                                                                       |
| Synonyms               | FN1; CIG; ED-B; FINC; FN; FNZ; GFND; GFND2; LETS; MSF; fibronectin                                           |
| Storage/Stability      | -20°C/1 year                                                                                                 |
| Shipping               | Gel Packs                                                                                                    |
