

## Fyn Monoclonal Antibody

|                        |                                                                       |
|------------------------|-----------------------------------------------------------------------|
| Catalog No.            | 4501405                                                               |
| Size                   | 50ug / 100ug                                                          |
| Product Category       | Primary Antibody                                                      |
| Immunogen              | Purified recombinant human Fyn protein fragments expressed in E.coli. |
| Isotype                | IgG2b                                                                 |
| Clonality              | Monoclonal                                                            |
| Host                   | Mouse                                                                 |
| Reactivity             | Human; Mouse; Rat; Monkey                                             |
| Application            | WB; ICC                                                               |
| Recommended Dilutions  | WB 1:500; IHC 1:50                                                    |
| Purification           | Affinity Chromatography Method                                        |
| Storage Buffer         | PBS with 0.02% sodium azide and 50% glycerol, pH 7.3                  |
| Format & Concentration | Liquid; 1mg/ml                                                        |
| Mol. Weight            | 61 kDa                                                                |
| UniProt ID             | P06241                                                                |
| Synonyms               | p59-FYN; SLK; SYN                                                     |
| Storage/Stability      | -20°C/1 year                                                          |
| Shipping               | Gel Packs                                                             |
