

## KVbeta1 Polyclonal Antibody

|                        |                                                                       |
|------------------------|-----------------------------------------------------------------------|
| Catalog No.            | 4030307                                                               |
| Size                   | 50ug / 100ug                                                          |
| Product Category       | Primary Antibody                                                      |
| Immunogen              | Synthetic Peptide                                                     |
| Isotype                | IgG                                                                   |
| Clonality              | Polyclonal                                                            |
| Host                   | Rabbit                                                                |
| Reactivity             | Human; Mouse; Rat                                                     |
| Application            | IHC                                                                   |
| Recommended Dilutions  | IHC 1:100-200                                                         |
| Storage Buffer         | PBS with 0.02% sodium azide and 50% glycerol, pH 7.4                  |
| Format & Concentration | Liquid; 1mg/ml                                                        |
| Mol. Weight            | 50 kDa                                                                |
| UniProt ID             | Q14722                                                                |
| Synonyms               | hKvb3,KCNA1B,KV beta 1,Voltage-gated potassium channel beta 1 subunit |
| Storage/Stability      | -20°C/1 year                                                          |
| Shipping               | Gel Packs                                                             |
