

## ST13 Polyclonal Antibody

|                        |                                                                       |
|------------------------|-----------------------------------------------------------------------|
| Catalog No.            | 4005851                                                               |
| Size                   | 50ug / 100ug                                                          |
| Product Category       | Primary Antibody                                                      |
| Immunogen              | Recombinant protein of human ST13                                     |
| Isotype                | IgG                                                                   |
| Clonality              | Polyclonal                                                            |
| Host                   | Rabbit                                                                |
| Reactivity             | Human; Mouse; Rat                                                     |
| Application            | WB                                                                    |
| Recommended Dilutions  | WB 1:500-2000                                                         |
| Purification           | Affinity Chromatography Method                                        |
| Storage Buffer         | PBS with 0.02% sodium azide and 50% glycerol, pH 7.3                  |
| Format & Concentration | Liquid; 1mg/ml                                                        |
| Mol. Weight            | 41 kDa                                                                |
| UniProt ID             | P50502                                                                |
| Synonyms               | AAG2; FAM10A1; FAM10A4; HIP; HOP; HSPABP; HSPABP1; P48; PRO0786; SNC6 |
| Storage/Stability      | -20°C/1 year                                                          |
| Shipping               | Gel Packs                                                             |
