

## DDX39B Monoclonal Antibody

|                        |                                                                                                                                                                               |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No.            | 4088378                                                                                                                                                                       |
| Size                   | 50ug / 100ug                                                                                                                                                                  |
| Product Category       | Primary Antibody                                                                                                                                                              |
| Immunogen              | Recombinant fragment of human DDX39B expressed in E. Coli                                                                                                                     |
| Clonality              | Monoclonal                                                                                                                                                                    |
| Host                   | Mouse                                                                                                                                                                         |
| Reactivity             | Human, Mouse                                                                                                                                                                  |
| Application            | WB, IHC, IF/IC, FC                                                                                                                                                            |
| Recommended Dilutions  | WB (1/500 - 1/1000), IHC (1/100 - 1/500), IF/IC (1/100 - 1/500), FC (1/100 - 1/200)                                                                                           |
| Purification           | Affinity chromatography method                                                                                                                                                |
| Storage Buffer         | 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.                                                                               |
| Format & Concentration | Liquid; 1mg/ml                                                                                                                                                                |
| UniProt ID             | Q13838                                                                                                                                                                        |
| Synonyms               | BAT1; UAP56; Spliceosome RNA helicase DDX39B; 56 kDa U2AF65-associated protein; ATP-dependent RNA helicase p47; DEAD box protein UAP56; HLA-B-associated transcript 1 protein |
| Storage/Stability      | -20°C/1 year                                                                                                                                                                  |
| Shipping               | Gel Packs                                                                                                                                                                     |
