

## DHTKD1 Polyclonal Antibody

|                        |                                                                                                                                                   |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No.            | 4081782                                                                                                                                           |
| Size                   | 50ug / 100ug                                                                                                                                      |
| Product Category       | Primary Antibody                                                                                                                                  |
| Immunogen              | Recombinant full length protein of human DHTKD1                                                                                                   |
| Clonality              | Polyclonal                                                                                                                                        |
| Host                   | Rabbit                                                                                                                                            |
| Reactivity             | Human, Mouse, Rat                                                                                                                                 |
| Application            | WB                                                                                                                                                |
| Recommended Dilutions  | WB (1/500 - 1/2000)                                                                                                                               |
| Purification           | Affinity chromatography method                                                                                                                    |
| Storage Buffer         | 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.                                                   |
| Format & Concentration | Liquid; 1mg/ml                                                                                                                                    |
| UniProt ID             | Q96HY7                                                                                                                                            |
| Synonyms               | KIAA1630; Probable 2-oxoglutarate dehydrogenase E1 component DHTKD1 mitochondrial; Dehydrogenase E1 and transketolase domain-containing protein 1 |
| Storage/Stability      | -20°C/1 year                                                                                                                                      |
| Shipping               | Gel Packs                                                                                                                                         |
