

## Sulfamethoxydiazine (SMD) ELISA kit

---

This kit is based on Enzyme Linked Immunosorbent Assay (ELISA) for the detection of Sulfamethoxydiazine (SMD) residues in various samples. All the necessary reagents along with pre-coated (12 x 8) 96-well micro-plate/plates are supplied in the kit.

Catalog No.	392011
Size	96 Test
Product Category	Drug Residue ELISA
Sensitivity	1 ppb
Sample Source	Fish, Shrimp, Chicken, Pork, Duck, Honey
Storage/Stability	2 ~ 8°/1 year
Shipping	Ambient
