

## 3'-Methoxyacetophenone [99%]

|                  |                                               |
|------------------|-----------------------------------------------|
| Catalog No.      | 56910036                                      |
| Size             | 25g                                           |
| Product Category | Fine Chemical                                 |
| CAS No.          | 586-37-8                                      |
| Mol. Formula     | C <sub>9</sub> H <sub>10</sub> O <sub>2</sub> |
| Mol. Weight      | 150.17                                        |
