

## Recombinant Human ARHGAP28 protein

|                    |                                                           |
|--------------------|-----------------------------------------------------------|
| Catalog No.        | 5084931                                                   |
| Size               | 10ug / 50ug                                               |
| Product Category   | Recombinant Protein                                       |
| Target             | ARHGAP28                                                  |
| Locus ID           | 79822                                                     |
| UniProt ID         | Q9P2N2                                                    |
| Expressed Sequence | 430-729aa                                                 |
| Expression Host    | E.coli                                                    |
| Tag Fusion         | 6x His Tag at the N-terminus                              |
| Mol. Weight        | 45 kDa                                                    |
| Purity             | >85%                                                      |
| Purification       | NI-NTA affinity purification                              |
| Formulation        | Lyophilized, 0.2um filtered solution of Tris-HCl (pH 8.0) |
| Reconstitution     | Reconstitute with distilled PBS                           |
| Reactivity         | Human, Mouse                                              |
| Synonyms           | Rho GTPase activating protein 28 (ARHGAP28)               |
| Storage/Stability  | -20°C for 2-3 years                                       |
| Shipping           | Gel Packs                                                 |
