

## Recombinant Human OVOL2 protein

|                    |                                                                        |
|--------------------|------------------------------------------------------------------------|
| Catalog No.        | 5083169                                                                |
| Size               | 10ug / 50ug                                                            |
| Product Category   | Recombinant Protein                                                    |
| Target             | OVOL2                                                                  |
| Locus ID           | 58495                                                                  |
| UniProt ID         | Q9BRP0                                                                 |
| Expressed Sequence | 1-275aa                                                                |
| Expression Host    | E.coli                                                                 |
| Tag Fusion         | 6x His Tag at the N-terminus                                           |
| Mol. Weight        | 18 kDa                                                                 |
| Purity             | >85%                                                                   |
| Purification       | NI-NTA affinity purification                                           |
| Formulation        | Lyophilized, 0.2um filtered solution of Tris-HCl (pH 8.0)              |
| Reconstitution     | Reconstitute with distilled PBS                                        |
| Reactivity         | Human, Mouse                                                           |
| Synonyms           | ovo-like 2 (Drosophila) (OVOL2); bA504H3.3; CHED; CHED1; HOVO2; ZNF339 |
| Storage/Stability  | -20°C for 2-3 years                                                    |
| Shipping           | Gel Packs                                                              |
