

## Recombinant Human TIMM9 protein

|                    |                                                                                            |
|--------------------|--------------------------------------------------------------------------------------------|
| Catalog No.        | 5084102                                                                                    |
| Size               | 10ug / 50ug                                                                                |
| Product Category   | Recombinant Protein                                                                        |
| Target             | TIMM9                                                                                      |
| Locus ID           | 26520                                                                                      |
| UniProt ID         | Q9Y5J7                                                                                     |
| Expressed Sequence | 1-90aa                                                                                     |
| Expression Host    | E.coli                                                                                     |
| Tag Fusion         | 6x His Tag at the N-terminus                                                               |
| Mol. Weight        | 10 kDa                                                                                     |
| Purity             | >85%                                                                                       |
| Purification       | NI-NTA affinity purification                                                               |
| Formulation        | Lyophilized, 0.2um filtered solution of Tris-HCl (pH 8.0)                                  |
| Reconstitution     | Reconstitute with distilled PBS                                                            |
| Reactivity         | Human, Mouse, Rat, Bovine, Chicken, Gorilla                                                |
| Synonyms           | translocase of inner mitochondrial membrane 9 homolog (yeast) (TIMM9); TIM9; TIM9A; TIMM9A |
| Storage/Stability  | -20°C for 2-3 years                                                                        |
| Shipping           | Gel Packs                                                                                  |
