

## Recombinant Human UPK3A protein

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Catalog No.        | 5085510                                                              |
| Size               | 10ug / 50ug                                                          |
| Product Category   | Recombinant Protein                                                  |
| Target             | UPK3A                                                                |
| Locus ID           | 7380                                                                 |
| UniProt ID         | O75631                                                               |
| Expressed Sequence | 1-212aa                                                              |
| Expression Host    | E.coli                                                               |
| Tag Fusion         | 6x His Tag at the N-terminus                                         |
| Mol. Weight        | 22.9 kDa                                                             |
| Purity             | >85%                                                                 |
| Purification       | NI-NTA affinity purification                                         |
| Formulation        | Lyophilized, 0.2um filtered solution of Tris-HCl (pH 8.0)            |
| Reconstitution     | Reconstitute with distilled PBS                                      |
| Reactivity         | Human, Mouse, Bovine                                                 |
| Synonyms           | uroplakin 3A (UPK3A); Uroplakin-3a; UP3a; Uroplakin III; UPIII; UPK3 |
| Storage/Stability  | -20°C for 2-3 years                                                  |
| Shipping           | Gel Packs                                                            |
