

Aprotinin

Aprotinin is a reversible serine protease blocking and binding agent which forms stable complexes and blocks active sites of serine protease enzymes.

Catalog No.	501301
Size	5mg
Product Category	Protease Inhibitor
CAS No.	9087-70-1
Mol. Formula	C ₂₈ H ₄₃ N ₈ O ₇ S ₇
Mol. Weight	6511.52
Purity / Activity	4500U/mg
