

Iodoacetamide

Iodoacetamide is an electrophilic acetamide useful for protein modification, therefore it is a commonly used cysteine proteinase inhibitor.

Catalog No.	501303
Size	5g
Product Category	Protease Inhibitor
CAS No.	144-48-9
Mol. Formula	ICH ₂ CONH ₂
Mol. Weight	184.96
Purity / Activity	99%
