

## DAB substrate kit [20x]

Catalog No.	505023
Size	3mL / 100mL
Product Category	Immuno Substrate
Storage/Stability	The kit contains Diaminobenzidine (DAB) substrate and Peroxidase (HRP) enzyme for the staining to detect the target molecule. The HRP catalyzes the reaction of the DAB substrate, producing a brown color precipitate at the reaction site. 1) Solution-A: 3mL/10mL 2) Solution-B: 3mL/10mL
Shipping	-20°C / 1 year
