

## Human AADAT (Amino adipate Aminotransferase) ELISA Kit

|                   |                                                                                                                                |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Catalog No.       | 3031210                                                                                                                        |
| Size              | 96 Tests                                                                                                                       |
| Product Category  | ELISA (Quantitative)                                                                                                           |
| Reactivity        | Human                                                                                                                          |
| Sample Type       | Tissue homogenates & other biological fluids                                                                                   |
| Assay Method      | Sandwich                                                                                                                       |
| Assay Duration    | 3.5 hours                                                                                                                      |
| Sensitivity       | 0.067 ng/mL                                                                                                                    |
| Standard          | 10 ng/mL                                                                                                                       |
| Detection Range   | 0.16-10 ng/mL                                                                                                                  |
| Synonyms          | KATII; KAT2; Kynurenine Aminotransferase II; L Kynurenine/Alpha Amino adipate Aminotransferase; Kynurenine aminotransferase II |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                                                                                     |
