

## Human ACADL (Acyl Coenzyme A Dehydrogenase, Long Chain) ELISA Kit

|                   |                                                                        |
|-------------------|------------------------------------------------------------------------|
| Catalog No.       | 3098130                                                                |
| Size              | 96 Tests                                                               |
| Product Category  | ELISA (Quantitative)                                                   |
| Reactivity        | Human                                                                  |
| Sample Type       | Tissue homogenates, Cell lysates & other biological fluids             |
| Assay Method      | Sandwich                                                               |
| Assay Duration    | 3.5 hours                                                              |
| Sensitivity       | 0.058 ng/mL                                                            |
| Standard          | 10 ng/mL                                                               |
| Detection Range   | 0.16-10 ng/mL                                                          |
| Synonyms          | LCAD; ACAD4; Long-chain specific acyl-CoA dehydrogenase, mitochondrial |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                             |
