

## Human ANXA11 (Annexin A11) ELISA Kit

|                   |                                                                            |
|-------------------|----------------------------------------------------------------------------|
| Catalog No.       | 3030170                                                                    |
| Size              | 96 Tests                                                                   |
| Product Category  | ELISA (Quantitative)                                                       |
| Reactivity        | Human                                                                      |
| Sample Type       | Tissue homogenates & other biological fluids                               |
| Assay Method      | Sandwich                                                                   |
| Assay Duration    | 3.5 hours                                                                  |
| Sensitivity       | 0.053 ng/mL                                                                |
| Standard          | 10 ng/mL                                                                   |
| Detection Range   | 0.16-10 ng/mL                                                              |
| Synonyms          | ANX-A11; ANX11; CAP50; 56 kDa autoantigen; Calcyclin-associated annexin 50 |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                                 |
