

## Human ATG5 (Autophagy Related Protein 5) ELISA Kit

|                   |                                                                             |
|-------------------|-----------------------------------------------------------------------------|
| Catalog No.       | 3074390                                                                     |
| Size              | 96 Tests                                                                    |
| Product Category  | ELISA (Quantitative)                                                        |
| Reactivity        | Human                                                                       |
| Sample Type       | Serum, Plasma, Tissue homogenates & other biological fluids                 |
| Assay Method      | Sandwich                                                                    |
| Assay Duration    | 3.5 hours                                                                   |
| Sensitivity       | 0.28 ng/mL                                                                  |
| Standard          | 50 ng/mL                                                                    |
| Detection Range   | 0.79-50 ng/mL                                                               |
| Synonyms          | ASP; APG5; APG5L; hAPG5; Apoptosis-specific protein;<br>Autophagy protein 5 |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                                  |
