

## Human C1qC (Complement Component 1, Q Subcomponent C) ELISA Kit

|                   |                                                                |
|-------------------|----------------------------------------------------------------|
| Catalog No.       | 3105560                                                        |
| Size              | 96 Tests                                                       |
| Product Category  | ELISA (Quantitative)                                           |
| Reactivity        | Human                                                          |
| Sample Type       | Serum, Plasma & other biological fluids                        |
| Assay Method      | Sandwich                                                       |
| Assay Duration    | 3.5 hours                                                      |
| Sensitivity       | 1.29 ng/mL                                                     |
| Standard          | 200 ng/mL                                                      |
| Detection Range   | 3.13-200 ng/mL                                                 |
| Synonyms          | C1QG; Complement Component 1 q subcomponent, Gamma Polypeptide |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                     |
