

## Human CCND1 (Cyclin D1) ELISA Kit

|                   |                                                                                                                                                  |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No.       | 3014870                                                                                                                                          |
| Size              | 96 Tests                                                                                                                                         |
| Product Category  | ELISA (Quantitative)                                                                                                                             |
| Reactivity        | Human                                                                                                                                            |
| Sample Type       | Tissue homogenates, Cell lysates, Cell culture supernates & other biological fluids                                                              |
| Assay Method      | Sandwich                                                                                                                                         |
| Assay Duration    | 3.5 hours                                                                                                                                        |
| Sensitivity       | 0.125 ng/mL                                                                                                                                      |
| Standard          | 20 ng/mL                                                                                                                                         |
| Detection Range   | 0.32-20 ng/mL                                                                                                                                    |
| Synonyms          | CCN-D1; BCL1; PRAD1; U21B31; G1/S-Specific Cyclin-D1; Parathyroid Adenomatosis 1; B-Cell CLL/Lymphoma 1; G1/S-Specific Cyclin D1; PRAD1 oncogene |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                                                                                                       |
