

## Human CHGA (Chromogranin A) ELISA Kit

|                   |                                                                                                                     |
|-------------------|---------------------------------------------------------------------------------------------------------------------|
| Catalog No.       | 3018060                                                                                                             |
| Size              | 96 Tests                                                                                                            |
| Product Category  | ELISA (Quantitative)                                                                                                |
| Reactivity        | Human                                                                                                               |
| Sample Type       | Serum, Plasma, Tissue homogenates & other biological fluids                                                         |
| Assay Method      | Sandwich                                                                                                            |
| Assay Duration    | 3.5 hours                                                                                                           |
| Sensitivity       | 12.1 pg/mL                                                                                                          |
| Standard          | 2000 pg/mL                                                                                                          |
| Detection Range   | 31.25-2000 pg/mL                                                                                                    |
| Synonyms          | CGA; SP-I; Parathyroid Secretory Protein 1; Vasostatin;<br>Pancreastatin; Parastatin; Pituitary secretory protein I |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                                                                          |
