

## Human CHIT1 (Chitinase 1) ELISA Kit

|                   |                                                                           |
|-------------------|---------------------------------------------------------------------------|
| Catalog No.       | 3049320                                                                   |
| Size              | 96 Tests                                                                  |
| Product Category  | ELISA (Quantitative)                                                      |
| Reactivity        | Human                                                                     |
| Sample Type       | Serum, Plasma, Tissue homogenates, Cell lysates & other biological fluids |
| Assay Method      | Sandwich                                                                  |
| Assay Duration    | 3.5 hours                                                                 |
| Sensitivity       | 0.113 ng/mL                                                               |
| Standard          | 20 ng/mL                                                                  |
| Detection Range   | 0.32-20 ng/mL                                                             |
| Synonyms          | CHI3; Chitotriosidase                                                     |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                                |
