

## Human CHRNb2 (Cholinergic Receptor, Nicotinic, Beta 2) ELISA Kit

|                   |                                                                                                  |
|-------------------|--------------------------------------------------------------------------------------------------|
| Catalog No.       | 3020570                                                                                          |
| Size              | 96 Tests                                                                                         |
| Product Category  | ELISA (Quantitative)                                                                             |
| Reactivity        | Human                                                                                            |
| Sample Type       | Tissue homogenates & other biological fluids                                                     |
| Assay Method      | Sandwich                                                                                         |
| Assay Duration    | 3.5 hours                                                                                        |
| Sensitivity       | 0.056 ng/mL                                                                                      |
| Standard          | 10 ng/mL                                                                                         |
| Detection Range   | 0.16-10 ng/mL                                                                                    |
| Synonyms          | CHR-NB2; CHRN-B2; EFNL3; NACHRB2; N-AChR-B2; N-AChRB2;<br>Neuronal Acetylcholine Receptor Beta 2 |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                                                       |
