

## Human CST6 (Cystatin 6) ELISA Kit

|                   |                                                                                             |
|-------------------|---------------------------------------------------------------------------------------------|
| Catalog No.       | 3036230                                                                                     |
| Size              | 96 Tests                                                                                    |
| Product Category  | ELISA (Quantitative)                                                                        |
| Reactivity        | Human                                                                                       |
| Sample Type       | Serum, Plasma, Tissue homogenates, sweat, Cell culture supernates & other biological fluids |
| Assay Method      | Sandwich                                                                                    |
| Assay Duration    | 3.5 hours                                                                                   |
| Sensitivity       | 0.067 ng/mL                                                                                 |
| Standard          | 10 ng/mL                                                                                    |
| Detection Range   | 0.16-10 ng/mL                                                                               |
| Synonyms          | Cystatin E/M                                                                                |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                                                  |
