

## Human CYCS (Cytochrome C, Somatic) ELISA Kit

|                   |                                                                                     |
|-------------------|-------------------------------------------------------------------------------------|
| Catalog No.       | 3055700                                                                             |
| Size              | 96 Tests                                                                            |
| Product Category  | ELISA (Quantitative)                                                                |
| Reactivity        | Human                                                                               |
| Sample Type       | Tissue homogenates, Cell lysates, Cell culture supernates & other biological fluids |
| Assay Method      | Sandwich                                                                            |
| Assay Duration    | 3.5 hours                                                                           |
| Sensitivity       | 0.129 ng/mL                                                                         |
| Standard          | 20 ng/mL                                                                            |
| Detection Range   | 0.32-20 ng/mL                                                                       |
| Synonyms          | Cyt-C; HCS; CYC; CytC                                                               |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                                          |
