

## Human DAT (Dopamine Transporter) ELISA Kit

|                   |                                                                                                                                                                    |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No.       | 3034840                                                                                                                                                            |
| Size              | 96 Tests                                                                                                                                                           |
| Product Category  | ELISA (Quantitative)                                                                                                                                               |
| Reactivity        | Human                                                                                                                                                              |
| Sample Type       | Tissue homogenates, Cell lysates & other biological fluids                                                                                                         |
| Assay Method      | Sandwich                                                                                                                                                           |
| Assay Duration    | 3.5 hours                                                                                                                                                          |
| Sensitivity       | 0.053 ng/mL                                                                                                                                                        |
| Standard          | 10 ng/mL                                                                                                                                                           |
| Detection Range   | 0.16-10 ng/mL                                                                                                                                                      |
| Synonyms          | SLC6A3; DAT1; Sodium-dependent dopamine transporter; Dopamine Active Transporter; SLC6-A3; Solute Carrier Family 6(neurotransmitter Transporter,Dopamine),Member 3 |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                                                                                                                         |
