

## Human DDAH1 (Dimethylarginine Dimethylaminohydrolase 1) ELISA Kit

|                   |                                                                                 |
|-------------------|---------------------------------------------------------------------------------|
| Catalog No.       | 3035960                                                                         |
| Size              | 96 Tests                                                                        |
| Product Category  | ELISA (Quantitative)                                                            |
| Reactivity        | Human                                                                           |
| Sample Type       | Tissue homogenates, Cell lysates & other biological fluids                      |
| Assay Method      | Sandwich                                                                        |
| Assay Duration    | 3.5 hours                                                                       |
| Sensitivity       | 0.058 ng/mL                                                                     |
| Standard          | 10 ng/mL                                                                        |
| Detection Range   | 0.16-10 ng/mL                                                                   |
| Synonyms          | DDAH; Dimethylargininase-1; N(G),N(G)-dimethylarginine dimethylaminohydrolase 1 |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                                      |
