

## Human DIO1 (Deiodinase, Iodothyronine, Type I) ELISA Kit

|                   |                                                            |
|-------------------|------------------------------------------------------------|
| Catalog No.       | 3053090                                                    |
| Size              | 96 Tests                                                   |
| Product Category  | ELISA (Quantitative)                                       |
| Reactivity        | Human                                                      |
| Sample Type       | Tissue homogenates, Cell lysates & other biological fluids |
| Assay Method      | Sandwich                                                   |
| Assay Duration    | 3.5 hours                                                  |
| Sensitivity       | 0.053 ng/mL                                                |
| Standard          | 10 ng/mL                                                   |
| Detection Range   | 0.16-10 ng/mL                                              |
| Synonyms          | TXDI1; Type-I 5'-deiodinase                                |
| Storage/Stability | -20°C/1 year; 4°C/6 months                                 |
