

## Zebrafish FSH (Follicle Stimulating Hormone) ELISA Kit

|                   |                                         |
|-------------------|-----------------------------------------|
| Catalog No.       | 3091738                                 |
| Size              | 96 Tests                                |
| Product Category  | ELISA (Quantitative)                    |
| Reactivity        | Zebrafish                               |
| Sample Type       | Serum, Plasma & other biological fluids |
| Assay Method      | Sandwich                                |
| Assay Duration    | 3.5 hours                               |
| Sensitivity       | 0.67 mIU/mL                             |
| Standard          | 100 mIU/mL                              |
| Detection Range   | 1.57-100 mIU/mL                         |
| Synonyms          | FSH-B; FSH-beta                         |
| Storage/Stability | -20°C/1 year; 4°C/6 months              |
