

## SNAT polyclonal antibody

|                       |                                                                                                         |
|-----------------------|---------------------------------------------------------------------------------------------------------|
| Catalog No.           | 4020422                                                                                                 |
| Size                  | 50uL / 100uL                                                                                            |
| Product Category      | Primary Antibody                                                                                        |
| Immunogen             | Synthesized peptide derived from human SNAT                                                             |
| Host                  | Rabbit                                                                                                  |
| Isotype               | IgG                                                                                                     |
| Clonality             | Polyclonal                                                                                              |
| Reactivity            | Human; Mouse; Rat                                                                                       |
| Application           | WB; IHC                                                                                                 |
| Recommended Dilutions | WB 1:500-2000; IHC-p 1:50-300                                                                           |
| Concentration         | 1mg/mL                                                                                                  |
| Gene ID               | 15                                                                                                      |
| UniProt ID            | Q16613                                                                                                  |
| Synonyms              | Serotonin N-acetyltransferase (Serotonin acetylase;EC 2.3.1.87;Aralkylamine N-acetyltransferase;AA-NAT) |
| Storage/Stability     | -20°C/1 year                                                                                            |
