

## Gentamicin L-Glutamine solution

---

Gentamicin L-Glutamine Solution is a sterile, multi-purpose cell culture supplement that contains the antibiotic gentamicin and the amino acid L-glutamine. It is used to prevent bacterial contamination in cell cultures, as gentamicin is a broad-spectrum antibiotic and L-glutamine is an essential nutrient for mammalian and insect cells. The combined solution is typically formulated with 200mM L-glutamine and 5mg/mL gentamicin in 0.9% normal saline

Catalog No.	523012
Size	20mL
Product Category	Cell Culture Reagent
Storage/Stability	-20°C/1 year
Shipping	Gel Packs
