

Tyrode's solution

Tyrode's solution is a balanced, isotonic salt solution used in cell and tissue culture to maintain the viability and normal function of cells and isolated organs.

It is mainly composed of sodium chloride, potassium chloride, magnesium chloride, calcium chloride, glucose, BSA, and HEPES.

Catalog No.	523048
Size	500mL
Product Category	Cell Culture Reagent
Storage/Stability	2 ~ 8°C/1 year
Shipping	Ambient
