

## Sodium Acetate Anhydrous

|                  |                                                |
|------------------|------------------------------------------------|
| Catalog No.      | 56907945                                       |
| Size             | 500g                                           |
| Product Category | Biochemical / Buffer                           |
| CAS No.          | 127-09-3                                       |
| Mol. Formula     | C <sub>2</sub> H <sub>3</sub> NaO <sub>2</sub> |
| Mol. Weight      | 82.03                                          |
| Purity           | 99%                                            |
