

## HBV Core Antigen (Biotin) monoclonal antibody

|                        |                                                                                                                                                                     |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No.            | 4079951                                                                                                                                                             |
| Size                   | 30ug / 100ug                                                                                                                                                        |
| Product Category       | Pathogen Antibody                                                                                                                                                   |
| Immunogen              | Recombinant Hepatitis B Virus Core Antigen                                                                                                                          |
| Clonality              | Monoclonal                                                                                                                                                          |
| Host                   | Mouse                                                                                                                                                               |
| Reactivity             | Hepatitis B virus                                                                                                                                                   |
| Conjugation            | Biotin                                                                                                                                                              |
| Application            | ELISA                                                                                                                                                               |
| Recommended Dilutions  | ELISA: Use at an assay dependent dilution.                                                                                                                          |
| Purification           | Affinity Chromatography Method                                                                                                                                      |
| Storage Buffer         | 0.01M PBS (pH 7.2), 50% Glycerol & 0.05% Sodium azide                                                                                                               |
| Format & Concentration | Liquid; 1mg/ml                                                                                                                                                      |
| Synonyms               | Capsid protein; Core and e antigen; Core antigen; Core antigen;<br>Core protein; HBc; HBcAg; HBVgp4; Hepatitis B Virus core antigen;<br>p21.5; precore/core protein |
| Storage/Stability      | -20°C/1 year                                                                                                                                                        |
| Shipping               | Gel Packs                                                                                                                                                           |
