

anti-CD14 [Atibuclimab]

A non-therapeutic reference antibody, expressed in mammalian cell line while using the same variable regions from the therapeutic antibody; suitable for functional assay, cell culture, Pharmacokinetics (PK) and Pharmacodynamics (PD).

"Not for diagnostic or therapeutic use; intend for research use only".

Catalog No.	490111
Size	1mg
Product Category	Biosimilar Antibody
Host	CHO
Isotype	Human IgG4-Kappa
Purity	>95% by SDS-PAGE under reducing conditions; >95% by SEC-HPLC
Purification Method	Protein A
Endotoxin Level	<1EU/mg, determined by LAL gel clotting assay
Formulation	PBS (pH 7.4); contains no stabilizers or preservatives
Storage/Stability	2~8°C / 2 weeks; -20°C / 1 year; -80°C / 3 years
Shipping	Gel Packs
