REAL-Prep™ UDI Adapters Set 1-96 (for Illumina)

The Unique Dual Index (UDI) Adapter for Illumina contains a total of 384 UDI adapters. UDI adapters have indexes on both ends of P5 and P7, and the indices on P5 and P7 are uniquely paired.

This REAL-Prep™ UDI Adapters Set contains 96 different barcode adapters, dedicated for Illumina high-throughput sequencing platform for DNA library construction.

Each REAL-Prep™ UDI Adapters set has undergone strict quality control and functional verification to ensure the stability of library construction and extremely low cross-contamination rate to the greatest extent.

Catalog No.	519150
Size	
Product Category	Next-Generation Sequencing
Pack Size	96 x 1 rxn / 96 x 2 rxn
Shipping	-20° C/ 6 months
